See Me See Change – See Me

See me see change is an approach to tackling mental health stigma and discrimination in schools. Over the next few terms, we will share a variety of resources and direct you to links to support you with your mental health and wellbeing. The purpose of this is to aid open conversations about mental health in our school community. See Me shows the variety of different services available if you need help and gives you all the information you need if you want to contact them.
