PRESENTATION OF AWARDS

We welcome Mr Stephen Stewart today as guest of Madras College to present the trophies and awards.

Stephen is a graduate of Loughborough University where he later returned to become the deputy director of sport. Here he developed a wealth of experience in elite and university level sport before moving to the University of St. Andrews in January 2008 to take the lead role as Director of Sport.

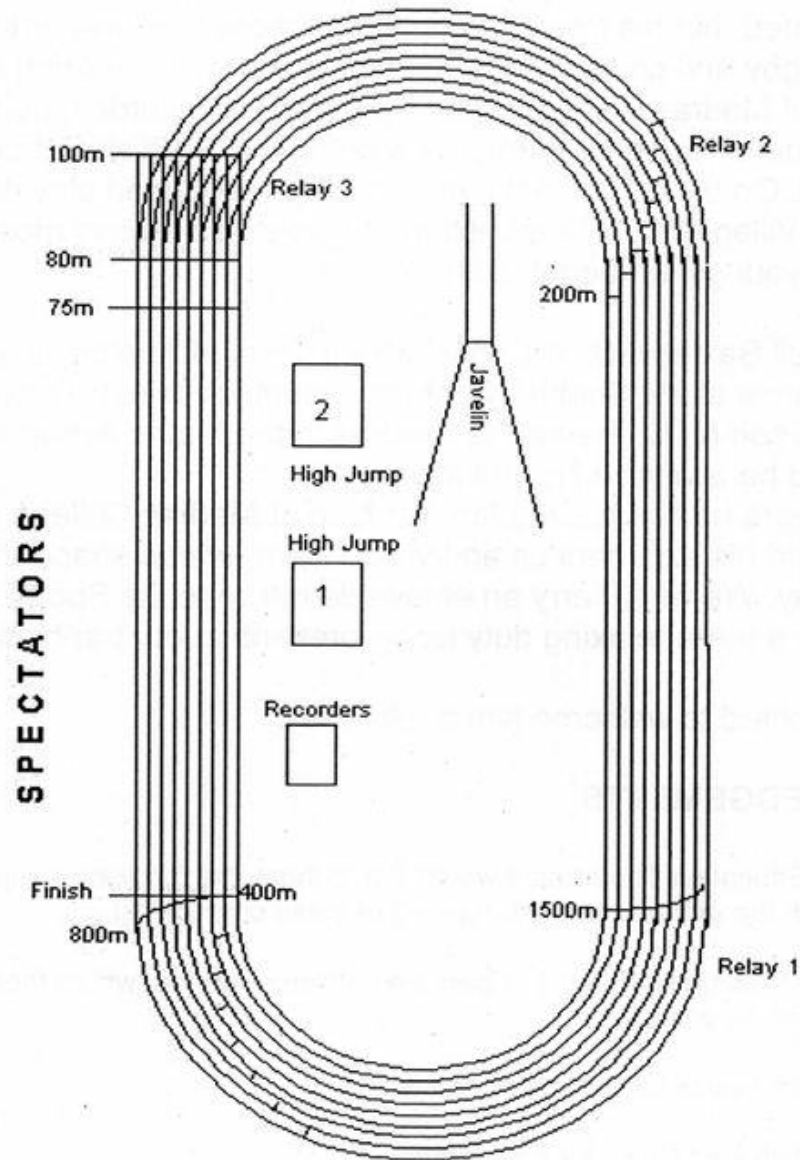

Stephen leads the direction of sport in the University and has been instrumental in the redevelopment of the university sports complex on St. Leonards Road, which many of our pupils and parents make use of on a daily basis. He is also responsible for directing members of sports staff within the university and has developed a highly professional sporting environment for the staff and students to work and develop in, which would rival many professional sports bodies.

Stephen has been very influential in developing a strong partnership between the University of St. Andrews and Madras College. He regularly gives up his time to meet with members of the PE department to develop opportunities for the Madras pupils such as the strong link with the Tennis club and also giving some of our junior pupils the chance to attend a Scotland rugby training session and meet the players. Stephen's two sons Rory and Callum attended Madras College and were an active part of the physical education department throughout their years and represented the school on many sporting occasions.

We are grateful for Stephen accepting our invitation to present the medals and trophies and we hope he will enjoy the afternoon's sporting competition as well as meeting the staff and pupils of Madras College.
